Breaking Open Our lives with Discussion

You may pause the video here and take time to discuss these questions with those around you. If you are on your own, perhaps you can call someone who's watching at the same time or spend time journaling your answers to these questions:

What have you found yourself saying to people "straight from the heart" in the last few weeks that you didn't say as much before?

Have you heard or seen something this week that felt loving?

Or if you can't think of something from this week, what do you have in your memory as something that was loving?
